

GObp in module 1.2.6

Term

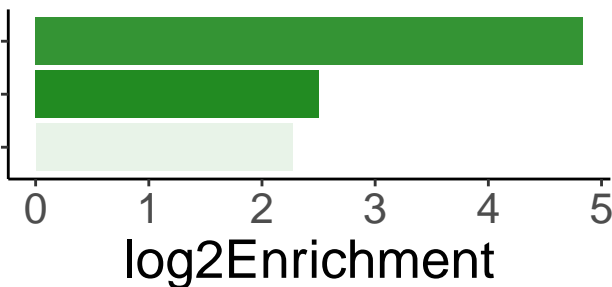

acetylcholine receptor signaling pathway
protein K63-linked deubiquitination
negative regulation of epithelial to mesenchymal transition
cellular response to amino acid starvation
thymus development

GOcc in module 1.2.6

Term

K63-linked polyubiquitin modification-dependent protein binding
ubiquitin protein ligase activity
GTPase activator activity

GOfm in module 1.2.6

Term

nuclear speck
