

GObp in module 1.5.7.17.45

Term

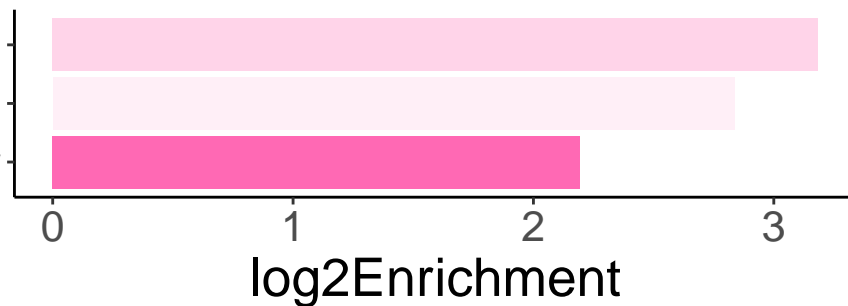

N-terminal protein amino acid modification
phosphatidylinositol phosphorylation
Wnt signaling pathway, calcium modulating pathway
regulation of gene silencing by miRNA

GOcc in module 1.5.7.17.45

Term

Ran GTPase binding
RNA polymerase II complex binding
transcription corepressor activity

GOfm in module 1.5.7.17.45

Term

P-body
