

## Increased deviation with age (WholeBlood)

Term

carbohydrate derivative transport  
sodium ion transmembrane transport  
carboxylic acid transport

0 2 4  
log2Enrichment

## Increased deviation with age (WholeBlood)

Term

solute:sodium symporter activity  
carbohydrate derivative transmembrane transporter activity  
oxidoreductase activity, acting on CH-OH group of donors  
carboxylic acid transmembrane transporter activity

0 2 4 6  
log2Enrichment
